

Antique Telescope, Three Draw Pocket Refractor in Leather Case, Circa 1880

DESCRIPTION

Our Stock # 18.5085

This is an antique telescope, a three draw pocket telescope in leather case, a refractor for terrestrial or astronomical use dating to circa 1880.

Perfect for bird watching, landscape appreciation, wildlife, or maritime observation. Equally suitable for observing the night sky. Supplied ready to enjoy.

- Presenting a clear, sharp optical performance
- Parallel, leather clad, primary barrel in good order
- Withdraws with a smooth action, easy to focus
- 24mm (1") objective lens
- Presents a good, sharp and bright image
- Complete with lens cap and swivel dust cover

An antique pocket telescope presented in its original leather sleeve. An historic, period piece fine to use today.
