

Antique Set of 4 Stools, Elm & Ash, French Country Kitchen

DESCRIPTION

Our Stock # LFA-1115

This is a set of four French country stools dating to the turn of the century.

At 47cm high these stools are similar in height to a normal chair and therefore ideal as an alternative at the kitchen table.

Stretchered all around for added strength, the frames of these stools are constructed from ash and have well figured solid elm seats.

The circular tops are complimented by the circular legs and stretchers in a pleasing minimalist form.

Offered in good antique condition with solid joints, waxed, polished and ready for the home.
