

Large Regency Sideboard

DESCRIPTION

Our Stock # LFA-1121

This is a Regency mahogany pedestal sideboard c.1830. Resplendent in flame mahogany, the sideboard would work equally well as a desk with plenty of storage available. The worktop surface offers two drawers, field panelled with edge bead detail around a central frieze. The two pedestals each have a platform top over drawers with field panels edged in bead detail above hinged door. The doors have carved rosette detail to each corner framing highly figured field panels. The doors are flanked with relief carved pilasters terminating in acanthus leaves and standing upon hairy paw feet. Within the left pedestal there is a drawer with a brass bale pull beneath open storage. The right pedestal drawer features a cellarette. Superb quality and a stunning piece presented in good antique condition. Solid joints and construction. Delivered waxed & polished ready for the home.
