This is a square, dramatic nautical oil painting by the renowned marine and equine artist David Chambers. 'Force Majeure' is an original, oil on board painting from David's recent collection.

Set onboard a ship as it is hit broadside by a large wave, this superb first person view of proceedings captures one of the most dramatic events in sailing and an occupational hazard for many who made their living from the seas. The perspective of being at an angle to the horizon is wonderfully disorienting, whilst the palette is a mix of cold, uninviting blues and greys, and warm, hopeful sunlight colours. The detailed rigging is nicely observed, as is the sail. The sea is a mix of aqua and cobalt shades with a delicate white froth where the waves meet the hull.

Worldwide, David's work provides collectors with excellent investment potential. His mastery of the subject dictates that the classic 'Turneresque' nature of his craft will be sought-after for generations to come. Each painting is signed by the artist for authenticity.
