

Mid Century Camphor Wood Chest

DESCRIPTION

Our Stock # LFA-1357

This is a mid century camphor wood chest.

Highly polished, this chest is raised on stepped bracket feet, typically found on oriental storage furniture of this type.

Each face of the trunk features a field panel decorated with modest relief carvings of bamboo and floral detail, perhaps cherry blossom.

The lid is an excellent fit and is raised on triple brass hinges, held upright with a hinged stay. Inside, the voluminous space is topped with a sliding, removable tray — ideal for smaller items.

A very pleasing example well made with a super finish, solid joints and construction, delivered waxed, polished and ready for the home.
