

Antique Chest, Early C20th Oak Trunk

DESCRIPTION

Our Stock # LFA-1461 This is an 17th century revival antique oak trunk dating to the early 20th century. Raised on hewn block feet beneath a moulded trim, this robust little chest has been crafted from thick cuts of oak and finished with a deep and dark wax displaying good grain detail. The front panel is decorated with a deep carved central rosette within typical geometric frame featuring a diamond lozenge mounted by fluted corner brackets. The thick plank top has been well carved depicting a Galleon at full mast amidst choppy seas escorted by seagulls. Lifting on external strap hinges the lid is held upright by a stout chain retainer. Blacksmith's staples adding strength to the corners. A delightful small chest with solid joints and construction, delivered waxed, polished and ready for the home.
